Commercial Start-up – LT Araraquara II - Taubaté

Companhia Paranaense de Energia – COPEL, a company that generates, transmits, distributes and sells electric power, with shares listed on B3 (CPLE3, CPLE5, CPLE6), NYSE (ELPVY, ELP) and LATIBEX (XCOP), hereby announces to its shareholders and the market in general that, on this date, the Araraquara II – Taubaté transmission line began its commercial operations.

This business venture, which is 100% owned by Copel GeT, has 334 kilometers in extension and runs through 28 cities in the State of São Paulo, connecting the Araraquara II substation, located in the city of Araraquara-SP, to the Taubaté substation, located in the city of Taubaté-SP. The transmission line has a concession period until October 2040 and provides an additional R\$29.8 million in annual permitted revenue (RAP) to Copel GeT.

Subsidiary	Auction	Signing of Contract	Enterprise	State	km	APR ¹ (R\$ million)	Concession Expiration
Copel GeT	001/10	Oct-10	TL Araraquara II – Taubaté	SP	334	29.8	10.05.2040

¹ Updated according to Aneel Ratification Resolution 2408/2018 of 06.26.2018

This new transmission line enables full energy flow from the Madeira River (Jirau and Santo Antônio plants) and will improve the quality of electric power supply to the Southeast region of Brazil, reinforcing the reliability of the National Interconnected System (SIN).
