## **BNDES approves financing of R\$ 619 million for Cutia**

Companhia Paranaense de Energia – COPEL, a company that generates, transmits, distributes and sells electric power, with shares listed on B3 (CPLE3, CPLE5, CPLE6), NYSE (ELPVY, ELP) and LATIBEX (XCOP), hereby announces to its shareholders and the market in general that Brazilian Development Bank (BNDES) approved the financing of R\$ 619.4 million for the implementation of the Cutia wind farm project.

The agreement, to be signed in the next few days, provides for amortization in 192 installments (maturity in 16 years), with a grace period of 6 months and remuneration of TJLP + 2.04%.

The project consists of the implementation of the Cutia Wind Complex and the Bento Miguel Wind Complex, which is made up of 13 parks, totaling 312.9 MW of installed capacity.

The Cutia Wind Complex, with 180.6 MW of total installed capacity, started this month the test operation. The Bento Miguel Wind Farm Complex, which has 132.3 MW of total installed capacity, is expected to start operating by January 2019, in line with the original schedule.

Curitiba, September 28, 2018.
