Colíder Hydroelectric Power Plant

Companhia Paranaense de Energia – Copel, in compliance with CVM Rule 358/2002, announces to the market that regarding the news published in the print media concerning the suspension of works at Colíder Hydroelectric Power Plant, the Company has already filed all clarifications and informations requested by the Environmental Authority, even before the embargo has been ordered, and for that reason Copel expects that licenses will be recovered as soon as possible.

Copel, in reply to the needs of the community surrounding the project and its commitment to the project environmental sustainability, reaffirms its commitment to the full compliance with Colíder HPP Environmental Basic Plan, a practice that always permeated the Company.

Curitiba, September 22, 2011.

Sincerely,
