

Notice to the Market – IR 22/15

New Strategic Plan

Companhia Paranaense de Energia - Copel, pursuant to CVM Instruction 358/2002, hereby informs its shareholders and the market in general that the 151st general meeting of the Company's Board of Directors, held on December 9, 2015, approved the revision of Copel's 2016-2026 Integrated Strategic Plan.

The revision was based on changes to the political, economic, technological and regulatory scenarios and, especially, the new rules for the renewal of electricity generation and transmission concessions.

The new strategic reference defines Copel's mission as *"to supply electricity and solutions for sustainable development"* and establishes the guidelines for the Company to achieve its new vision of *"being a benchmark in our business segments by generating sustainable value"*.

In order to achieve its objectives, the Company will maintain and expand its share of the electricity and telecommunication sectors in a sustainable and profitable manner, as well as invest in innovation, modernization and people management. With this in mind, it will maintain its electricity distribution, generation and transmission concessions, invest in generation and transmission projects that generate appropriate levels of profitability and expand its client base in the telecom segment.

As a result, the Company reiterates its commitment to the economic sustainability of its businesses, supported by a focus on controlling costs and maximizing operating efficiency.

Curitiba, December 23, 2015.
